

WHEELERS MOTOR OIL- WJP

SAE 5W-30

Fully Synthetic High Performance Fuel Economy Oil for Passenger Cars

Description

Wheeler's Motor oil WJP SAE 5W-30 is a high-alloyed all-season oil for those passenger car engines, which require fuel economy (FE) oils. The low viscosity of specific base oils used in this product, based on Synthesis-Technologies, provides a prompt motor lubrication combined with supremely low frictional resistance, which leads to an appreciable reduction of fuel consumption and pollutant emission. Suitable for use with DPF.

Properties:

Wheeler's Motor oil WJP SAE 5W-30 matches all thermic- and mechanical loads, which may occur in modern fuel economy passenger car engines.

- high cleaning- and dirt holding capacity (Detergent/Dispersant) provide excellent motor cleanliness.
- outstanding fuel economy properties by special friction reducing additives.
- cost-effective all-season oil with appreciable fuel reduction.
- environmentally sound by reducing emissions of CO₂ and particles.
